

# PASSENGER INFO

Want to be a passenger in a car at Palmyra Dragway, running down the ¼ mile?? These are the steps you need to follow:

- Pay your entry into the facility and receive the ticket from the gate.
- MUST BE 18 or over – NO EXCEPTIONS!!
- TEST & TUNE EVENTS ONLY
- STREET TYPE VEHICLES ONLY!
- Come along to the scrutineering shed with the car you will be a passenger in, your ID, the driver, and all of your safety gear along with the drivers, this includes a helmet. All helmets must meet the same standards as the driver (AS/NZS 1698 or ECE standard at a minimum and less than 10 years old)
- Complete passenger paperwork and pay the \$30.00 (CASH ONLY PLEASE)
- Car will be checked and you will have a quick safety briefing incase of emergency, especially important if vehicle has harness and not normal seatbelt to ensure you can get out if required in an emergency.
- Once all OK, you will sign the indemnity paperwork and be given an Armband, the official will mark your armband to match the vehicle you have been approved to be a passenger in. This is the only vehicle you will be allowed to be the passenger in, unless you wish to repeat the process in more than one vehicle (inc cost)
- ET Limits will be enforced, the vehicle will not be allowed to go quicker than IHRA or PDRC regulations, and definitely no quicker than 10.50 ¼ mile Elapsed Time (ET).
- Have fun, get the bug and hopefully you will be the one behind the steering wheel next time!

Officials decision is final, if you are found to breach any of the safety rules the option to allow passengers may not just be taken from you, it may not be offered again.

Remember our officials are volunteers, treat them as you would wish to be treated!
